

Dear 5th Grade Parents,

We need your help!

On Friday, April 12th, we will have one of 5th grades biggest enrichment programs, Colonial Day! This is an all-day enrichment program that allows the kids to step back in time and live this part of the 5th grade curriculum. The students as well as parent volunteers always have a ton of fun so mark your calendars now! We will need volunteers throughout the day at the following stations:

- Candle Dipping (5th graders will make their own candles),
- Hornbooks (students will write as they did in Colonial times using feather pens!),
- Tinning (students will punch designs onto tin),
- Silhouettes (students will be cutting out their profiles and make silhouettes of themselves),
- Games
- “Apple Tree Arts” and “Hands on History” will also be engaging the students in activities and sharing exciting, unique artifacts from that time period.

Colonial Day is a wonderful opportunity to step back in time and have fun with your child or grandchild!

To sign-up for the event on 4/12 please visit: <http://bit.ly/colonialday2019>

To help with prep-work in advance of the event – please join us on March 20 at 7:00 at NSS or for any questions please contact Laura Often at ortlaura@hotmail.com or Michelle Liston at mrliston@gmail.com

Staff and teachers will be dressing the part, so we ask parent volunteers to do so if possible (wearing Colonial Day type dresses, skirts, aprons, hats, etc.).

Thanks for your support to make this fun and memorable event for our children!

(schedule on back – subject to change)
