

NGES Yearbook

Photo Upload Instructions

1. Visit the website:

http://interstate.pixami.com/MA0014_1819/yb/Login.jsp

2. Login using the Username:

ngesptg@gmail.com

Password: yearbook

3. At the top of the screen, click on: Manage Photos. This will take you to a new screen where you can choose "candida" to add photos.

4. Find the appropriate folder that best categorizes the photos on the left hand side. Each folder corresponds to a page or group of pages in the yearbook, e.g., "Halloween Parade" or 1A (refers to 1st grade class A). Click on the folder where you want the photos to go to select it.

5. Click on "Upload Photos" at the top left. If no folders seem appropriate, you can click on "New folder" first and create a new folder with a label starting with "NEW:" that tells us what the photos are. The photos can be sorted out later by the yearbook editor.

6. Once the page to the left appears, click on "Add Files" and add the photos to that folder.

Email Liz Spinney at emcand29@yahoo.com with questions.
